Requirements for Versatile Producer – Sire

1. Sire must produce 5 qualifying progeny.
2. The 5 qualifying progeny (used for point total) must earn a combined total of 52 points. Points are based on AKC/ASC titles earned as described in the chart below.
3. At least 3 of the 5 qualifying progeny must each have an AKC/ASC title worth a minimum of seven points.
4. Two of the 5 required progeny may have a combination of two six point titles or a six point title and a five point title.
5. Points are not cumulative within and event/sport. Only the highest title earned in each event will be counted. (ie: CDX = 6 pts, not 10 pts (CD 4 + CDX 6))
6. The sire must produce at least two qualifying progeny with conformation points (need 6 points under 3 different judges).
7. The sire must produce two qualifying progeny with an AKC/ASC title worth a minimum of 3 points, in performance or field.
8. Additional points may be earned by the qualifying progeny. All titles below the five point level will only count towards the total if earned by an already qualified progeny.
9. If minor or major championship points are used to qualify for a VP, the burden of proof lies with the owner. ASC will not track the accumulation of points, only titles.
